EDUCATION

Superior University, Lahore

Bachelor of Software Engineering

Semester: 6th Completed

GPA: 3.89

Punjab Group of Colleges

FSC Pre Engineering

TECHNICAL SKILLS

Web Development: React.js, Next.js, HTML, CSS, JavaScript, REST APIs, Dart

Backend & Database: Node.js (Basic), PostgreSQL, MySQL

Mobile Development: Flutter, Dart

Tools & Platforms: Git, GitHub, Firebase Firestore, VS Code, Android Studio

PROJECTS

RentWheels – Car Rental App (Flutter + Supabase)

- Built a car rental mobile app with user authentication and OTP verification using Firebase.
- Developed features for car listing, renting, and admin management.
- Used Supabase for real-time database operations.
